Colfax County Alcohol Compliance Checks Yield 67% Compliance

Platte County – During the month of October alcohol compliance checks were performed by the Schuyler Police Department in collaboration with local youth substance abuse prevention coalition, Back To BASICS (Brining Awareness to Substance abuse In our Communities). Six compliance checks were performed at local businesses that have current liquor licenses. Two businesses sold alcohol to minors, resulting in a compliance rate of 67%. For these checks, cooperating minors used their own identification and made no attempt to look over the legal age of 21 years.

Back to BASICS is a collaborative effort which works to keep youth from engaging in activities which contain drugs and alcohol. This organization is sponsored by East Central District Health Department.

For more information on substance abuse prevention activities in Colfax County call (402) 563-9656.
